

## stick

Research	Find out sources of information for your production. What will I need?	Where will I find this information? Sources
ures, font, visual	Images and fonts are the main things I will need to source, although I already have photos I have taken and might use. I might also embed videos, music and playlists.	<ul style="list-style-type: none"> <li>For my images I will find them online and I have some original photos I have taken.</li> <li>To get font inspiration and to find something I could use as a header I will use dafont.com</li> <li>If I am going to embed music and I have a song I like I will have to search for them on YouTube or Spotify.</li> </ul>
id data. ir props	I might bring some items in such as <b>concert tickets</b> or CD's that I could advertise in the magazine.	I will need to bring these in and use the images to take the pictures.

s	<p>For my front cover image, I am using an original image I have taken at a concert. (it is a silhouette image of the artist)</p> <p>I am also doing a interview with one of my friends that went to one of the concerts.</p>	
	<p>I need to list the locations of the concert venue's location and the dates they performed.</p>	<p>I can find this from my tickets or the geo location of the image on my phone as well as google</p>
